I Please

"I realize that Canada now calls on me... to join in a great National Savings Plan... necessary to win the war and vital to my own safety.

-that the gallant men of the Army, Navy and Air Force...

now on the fighting front... need me on the financial front. They need munitions, material and equipment... and only by my money which represents the production of war materials can this support be secured. They are my protectors. They call on me to be their provider.

-that this will require hard work and many dollars.

-that only by hard work and frugal living... by LENDING all I can to Canada... can I do my part to help to win the war and establish our future security.

Pledge - that I will forego the purchase of unnecessary articles . . . however small the cost . . . no matter how well I am able to pay for them . . . which take labour and materials away from the great task of providing goods needed to win the war.

-that NOW... starting this month... I will put a definite part of my income aside in War Savings Certificates. I will have it deducted regularly... each week... each month... either from my pay envelope or from my savings account, by arrangement with my employer or my bank manager".

WAR SAVINGS CERTIFICATES

The war savings certificate campaign is off to a start which will demonstrate the confidence and loyalty of the Canadian people to the cause nearest to their continence and toyarty of the Canadian people to the cause nearest to their heart. MUMMY, WHAT CAN WE DO

TO HELP WIN THE WAR?

THIS is a peaceful scene, isn't it? To keep it peaceful, men and women are giving their lives in the far corners of the earth. Airmen of surpassing courage are setting off in the darkness of night to keep the lights burning. Sailors are holding the sea for the Empire. Soldiers are carrying the war to the enemy and defending the heroic lales. Civilians are suffering the terror at its worst.

Listen, Canadian mother. Listen, Canadian dad. Everything is quiet on your street this morning. More than anything in the world you want this picture to remain like this, for her and for her children's children.

The answer to her question is so simple, even she can help. But it's so necessary that everyone must act. The answer is lend...lend...lend. Canada asks only the use of your money to equip the men, to pour out the munitions, to build the ships, to hurry out the planes... to guard your home.

COWAN'S PERFECTION

Canada's 2,000,000 wage and salary earners are asked to save—every week and every month—to help provide arms and equipment for our fighting forces. In Total War, civilians must fight, too. Their weapon is their money. You can fight with your money, as it provides the sinews of war.

The bounden duty of every civilian, therefore, is to save to the limit of his or her ability and loan the savings to Canada by investing in War Savings Certificates.

Remember, you are not asked to give your money, but to loan it. For every \$4 you loan now, you will get back \$5 in 7½ years. Your savings will earn 3% interest.

Tens of thousands of men and women have already pledged themselves to invest in War Savings Certificates by means of the Payroll Savings Plan which is now in operation, or which is being ofganized by every employer. But tens of thousands are not enough. There are two million wage and salary earners in Canada, and every one is expected to do his or her share.

If you have not already done so, pledge yourself and invest by means of the Payroll Savings Plan. Canada asks no more of you. Your conscience should demand no less of you.

Just how much you can invest will depend upon your circumstances. Do all that you can. The following table is suggested as an average basis for saving:

Up to \$20 25c to \$1 \$15 to \$65 Over \$20 to \$30 \$1.25 to \$2 \$80 to \$130 \$145 to \$225 Over \$30 to \$40 \$2.25 to \$3.50 Over \$40 \$3.75 to \$9.25

To Employers

Take the initiative. Urge your employees to save. Give them lack the initiative. Orge your employees to save. Give them leadership, if you haven't already done so, organite a Payroll Savings Plan at once. See that everyone participates in it. The Payroll Savings Plan has proven to be the most satisfactory method for getting employees to save and invest regularly.

WE'RE GOING TO DO A SWELL JOB TOGETHER! YES, AND WHEN WE'VE WON THE WAR I'LL PAY A 25% RETURN!

Marching Together to Victory!

Today, Bell Telephone men and women dedicate themselves anew to furthering Canada's war effort. Voluntarily, they undertake to buy, to the limit of their means, War Savings Stamps and Certificates "the most vital investment ever placed before the people of Canada". Further-they organize themselves into a far-flung selling force to

push the sale of stamps and certificates to everyone they can reach, throughout Ontario and Quebec.

This afternoon, over a giant telephone hook-up, reaching thousands of telephone workers, Hon. J. L. Ilejey, Minister of Finance, and Mr. C. F. Sise, our President, will keynote the inauguration of this sustained drive—an Everybody Selling Plan—for more widespread investment in Stamps and Certificates—the silver bullets that in the end will win the war.

We shall appreciate your cooperation. Remember please, that you can buy War Savings Stamps and Certificates at any Bell Telephone Business Office.

THIS IS WAR SAVINGS PLEDGE MONTH Start Now!

February has been set aside as War Savings Pledge Month, when every member of every household in Canada will be asked to pledge a definite, substantial sum every week to aid Canada's great war effort.

In addition to the revenue derived from taxation and War Loans, substantial sav-ings from 2,000,000 Canadian pay envelopes will be urgently needed. Every Canadian family must pledge. This calls for sacrifice, perhaps, but no hardship. What you lend, now, can really be regarded as deferred pay-

Your family . . . your whole family . . . old and young . . will want to enrol in this home army, pledged to work and save and LEND to provide war funds so urgently needed.

Expect a call at your home from an authorized War Savings worker who will ask "all members of your household to sign pledge cards. Your caller will give you a window hanger that will identify your home as 100% encolled for War Savings. And each member of your family will receive a "War Saver" losignia, . . an insignia all will be proud to wear.

Have every member of your household pledge to invest a definite part of his or her income in War Savings Certificates. Have the amount you pledge to lead deducted regulatly—nersy week—from your pay envelope or, —every month—from your bank account. Your employer or bank manager will arrange for War Savings Certificates to be send frience to you from Ontawa.

Every Canadian should enrol NOW to send fighting dollars into our defence line.

With justifiable pride many firms are already displaying this Roll of Honour, as the visible sign that the men and women they are working with, have united to work, save and lend to Canada, by the regular purchase of War Savings Certificates.

Whether you are Employer or Employee it should be your personal concern to have your firm prove by group action that you are making a total effort to meet the Nazi total war.

To Win This Honour Roll Is Simple

The Basis of awards i For 100% Employee Parti-cipation—an Honour Roll with Gold Scale.

For 90% Emplo For 75% Employee Participation—An Honour Ro THERE IS STILL TIME TO QUALIFY FOR THE FIRST 3-MONTHS' PERIOD OF THIS YEAR

but you must get the Payroll Savings Plan of the National Committee operating by March 1st.

Even if your firm has started a Payroll Savings Plan since January 1st, if you qualify with a minimum of 75% employees participating for the entire month of March, you will be awarded an Honour Roll. Then you can go on to win the Honour Roll seals for each succeeding 3-month period.

So-Get your fellow employees and employer to work immediately. Don't rest content until your firm's Honour Roll carries a full quota of Gold seals for 100% participation.

A Continuing Challenge!

If we are to keep faith with our armed forces we must not only buy War Savings Certificates regularly, but buy to the limit of our real ability.

Canada's Answer!

It is inspiring to watch the returns from the War Savings Certificates drive piling up day by day. The response is magnificent.

> "But we must not flag nor fail in our efforts".

We must not let down for a single day. We must keep on buying. The task is tremendous and our responsibility continues.
